ABOUT ME

I am a proactive and self-confident recent graduate with a BSC in Electrical and Computer Engineering from Addis Ababa Science and Technology University. I have a strong academic record and valuable experience in volunteering. I possess excellent leadership and communication skills. I am passionate about pursuing a career in professional services with a focus on Computer's hardware and software.

WORK EXPERIENCE

Take an Internship Program Nov 18/2022 - Feb 20/2023
in Atlas Computer Technology P.L.C I at Addis Ababa

Tasks that I took during my internship program are:

- Develop a Job App using Cross-Platform Mobile App development for Android phone
- Developing the frontend of mobile app using flutter with DART language
- Development of Backend with Spring Boot (Java framework)
- Using RESTful API for connecting frontend and back end and sending request
- Using Postman for testing different API end points

Quality Assurance(QA)Tester July 07/2024 - Aug 31/2025
In Tamcon Software Solution P.L.C I at Addis Ababa

Tasks that I took during my Professional work are:

- Designing, executing, and documenting software test cases.
- Identifying, reporting, and tracking software defects.
- Ensuring product quality through manual and automated testing methods.
- Collaborating with developers, product managers, and other stakeholders to resolve issues.

PROJECTS

Thesis Project - Smart Home Security using Raspberry Pi

- Configure, setup, and connect the hardware components on the Raspberry Pi according to the system design.
- Develop the software code for the smart door lock system using Python programming and test the code using simulator
- Conduct testing to ensure the functionality, reliability, and security of the system.
- Integrate all the software and hardware components and evaluate the system and more.

Guessing Game using Python

Country's Population registration using Python project

CERTIFICATES

Diploma in Python Beginners

2023

From Alison | online course

I learned Python as A beginner from Alison online course by help of Dereja Academy Accelerator Program

Dereja Academy Accelerator Program

2023

Delivered by Dereja in partnership with Mastercard Foundation

From this program, I take personal development soft skills courses, professional skill courses, and career guidance courses for three months (September , October, and November 2023).

EXTRACURRICULAR ACTIVITIES

Tutoring Service

2022 – Present

KG to 12th Grade Students | at Addis Ababa

In my free time, I work as a tutor to assist students ranging from kindergarten to 12th grade. I offer tutoring services every Monday to Friday from 4:00 pm to 8:00 pm, and on Saturdays and Sundays, I provide morning tutoring from 10:00 am to 12:00 pm.

Participate in Presidential Mentorship Program 2021–JULY 2023

iie (Institute of International Education) | at AASTU

I am honored to be part of the prestigious Presidential Mentorship Program for Women at Addis Ababa Science and Technology University. This program, initiated by President Sahle-Work Zewde and coordinated by Ms. Esete Kebede, is a collaborative effort between the IIE, the Office of the President, and the Ministry of Science and Higher Education. Supported by the Bill and Melinda Gates Foundation, it empowers women and fosters their journey to success. My participation has been truly enriching, inspiring me to become a mentor myself in the future.

Member of AWIB

March 2024 – 2025

AWIB (The Association of Women in Boldness) | at Addis Ababa

I am a member of AWIB, which is a membership-driven organization that unleashes potential through networking platforms that support the personal and professional development of sound women leaders of Ethiopia.

VOLUNTEERING

Involved in Ethics and Anti-Corruption Commission club 2019– 2023

at Addis Ababa Science and Technology University

I actively participated in the Ethics and Anti-Corruption Commission Club at Addis Ababa Science and Technology University.
